Financial support to the organization
Help_Us

Lutecium site cannot exist without funds. These funds are needed to pay for the Internet connections, and to maintain the server. Be aware that no one of us receives a salary for the time spent on working for the Lutecium Domain. We need your financial help to carry on.

Standard annual participation is 100 Euros (that's about US\$ 140). With it you have a privileged access to the files on the site when traffic is too heavy. And with it we can send you one of the cdroms available. Check the list.

You do not need to login to send us your participation.
